

soil contaminated with diesel fuel. The report is intended to document remediation of the site to meet the Residential Statewide Health Standard.

New York Wire, Inc., Spring Garden Township, **York County**. Earth Tech AECOM, 2 Market Plaza Way, Mechanicsburg, PA 17055, on behalf of New York Wire, Inc., 829 Loucks Mill Road, York, PA, submitted a Remedial Investigation and Final Report concerning remediation of site soil and groundwater contaminated with metals. The report is intended to document remediation of the site to meet a combination of the Site-Specific and Statewide Health Standards.

Ames True Temper Camp Hill, Hampden Township, **Cumberland County**. Bradburne, Briller, and Johnson, LLC, 1641 Saw Mill Run Boulevard, Pittsburgh, PA 15210-3433, on behalf of Ames True Temper, 465 Railroad Avenue, Camp Hill, PA 17011, submitted a Final Report concerning remediation of site soils contaminated with No. 2 fuel oil. The report is intended to document remediation of the site to meet the Nonresidential Statewide Health Standard.

LAND RECYCLING AND ENVIRONMENTAL REMEDIATION

UNDER ACT 2, 1995

PREAMBLE 3

The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P. S. §§ 6026.101—6026.908).

Provisions of 25 Pa. Code § 250.8, administration of the Land Recycling and Environmental Remediation Standards Act (act), require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* a notice of final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by provisions of the act for compliance with selection of remediation to a Site-Specific Standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation, concentration of regulated substances in environmental media, benefits of reuse of the property and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting a baseline remedial investigation is required by provisions of the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits

of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the Environmental Cleanup Program manager in the Department regional office before which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the Community Relations Coordinator at the appropriate regional office. TDD users may telephone the Department through the Pennsylvania AT&T Relay Service at (800) 654-5984.

The Department has received the following plans and reports:

Southcentral Region: Environmental Cleanup Program Manager, 909 Elmerton Avenue, Harrisburg, PA 17110.

Woodwright Pallet Shop, York Township, **York County**. Earth Engineering, Inc., 115 West Germantown Pike, East Norriton, PA 19401, on behalf of Joseph Allison, Gaptek, Inc., 180 South Orchard Street, York, PA 17313, submitted a Final Report concerning the remediation of site soils contaminated with VOCs and chlorinated solvents. The Final Report demonstrated attainment of the Nonresidential Statewide Health Standard and was approved by the Department of Environmental Protection on May 13, 2009.

OPERATE WASTE PROCESSING OR DISPOSAL AREA OR SITE

Permit issued under the Solid Waste Management Act (35 P. S. §§ 6018.101—6018.1003), the Municipal Waste Planning, Recycling and Waste Reduction Act (53 P. S. §§ 4000.101—4000.1904) and Regulations to Operate Solid Waste Processing or Disposal Area or Site.

Southeast Region: Regional Solid Waste Manager, 2 East Main Street, Norristown, PA 19401.

Permit No. 101069. Southeastern Chester County Refuse Authority (SECCRA), 219 Street Road, West Grove, PA 19390. This minor permit modification is issued to establish and operate an electronic waste drop-off center at the SECCRA Landfill located in London Grove Township, **Chester County**. The permit was issued by the Southeast Regional Office on May 22, 2009.

AIR QUALITY

General Plan Approval and Operating Permit Usage Authorized under the Air Pollution Control Act (35 P. S. §§ 4001—4015) and 25 Pa. Code Chapter 127 to construct, modify, reactivate or operate air contamination sources and associated air cleaning devices.

Northeast Region: Air Quality Program, 2 Public Square, Wilkes-Barre, PA 18711-0790, Ray Kempa, New Source Review Chief, (570) 826-2507.

58-310-017GP3: F.S. Lopke Contracting, Inc. (3430 SR 434, Apalachin, NY 13732) on May 22, 2009, to construct and operate a Portable Crushing Operation with watersprays at their site in New Milford Township, **Susquehanna County**.

58-329-007GP9: F.S. Lopke Contracting, Inc. (3430 SR 434, Apalachin, NY 13732) on May 22, 2009, to install and operate a Diesel I/C Engine at their site in New Milford Township, **Susquehanna County**.
