

ATTACHMENT A
SINGLE SOURCE DETERMINATION (Questionnaire and Checklist)
AND MAP OF ADJACENT FACILITIES UNDER COMMON CONTROL

SECTION F. (APPLICANT'S CHECKLIST)

20. An applicant for BAQ-GPA/GP-5 shall complete Attachment-A (the Questionnaire and Checklist for Single Source Determination) of the Application for Authorization to Use GP-5.

22. An applicant for BAQ-GPA/GP-5 shall review the Department issued "Guidance for Performing Single Stationary Source Determinations for Oil and Gas Industries, Document number: 270-0810-006" and "Fact Sheet, Document number 2700-FS-DEP4349" prior to generating the Map/Layout of the facilities under common control required in Section F of the application form.

23. An applicant for BAQ-GPA/GP-5 shall provide map/layout of adjacent facilities under common control with SIC code, permit number of each source, and distances between boundaries of compressor station(s), the well(s), and associated natural gas processing plant(s) printed clearly on the map/layout required in Section F of the application form.

A "Map of Adjacent Facilities Under Common Control" is **Not Applicable**:

- There are no adjacent facilities or facilities under common control as per PADEP "Guidance for Performing Single Stationary Source Determinations for Oil and Gas Industries, Document number: 270-0810-006".
